

Sinclair Broadcast Group, Inc., plans to force its local television stations to preempt regular network broadcasts to air the anti-Kerry film, Stolen Honor, between October 21 and 24.

This effort by one of the largest television broadcasters in the country to influence the presidential election with propaganda clearly demonstrates the danger of media consolidation.

Sinclair is obligated by law to serve the public interest. I urge the Federal Communications Commission to oppose this alarming attempt to undermine the democratic process by strengthening media ownership regulations.
